FRANKFORT, KY., SATURDAY, APRIL 15, 1891.

NO. 38

Capt. Noel Gaines, U. S. V., of General Ludlow's Staff.

To its galaxy of worthy and famous Cubans and Americans, the Daily Advertiser, with this number presents its readers with the likeness of Captain Noel Gaines, a distinguished Kentuckian now in Havana, occupying the most responsible position with the United States Army of Occupation, as Provost-Marshal upon the staff of Major-General Win. Ludlow, Military Governor Commanding the Department of Havana; who has just been recommended to the President for promotion to the rank of Major.

Captain Gaines, in addition to his exclusively military duties, has had charge of the Army rations appropriated for the relief of Havana's poor—which supplies have done so much to alleviate local suffering and saved hundreds of lives; in which work he has given satisfaction alike to his superiors and the people dealt with, and won new laurels. Up to this time he has fed upwards of 20,000 of the destitute and issued over a million rations.

Captain Gaines comes of Kentucky's bluest and best blood, and whilst but 29 years of age, has seen 13 years of militia and military life.

Before entering the Federal Service, whilst commanding a detachment of the Kentucky National Guard, he did great service to his State in breaking the lawless gangs led by the famous Will Howard, the Turners, Eversoles and Frenches, putting an end to family feuds which had made the State notorious, and restoring public order in the "moonshine" districts.

At the outbreak of our war with Spain, he was ordered to Chickamauga with the Kentucky Volunteers, and in July appointed Provost Marshal upon General Grant's staff. Transferred shortly afterwards to Lexington he was given a similar post upon the Staff of General Sanger of the 1st Army Corps. The citizens of Lexington, appreciating the excellent work of Captain Gaines, in maintaining order in the camp and vicinity, presented him with a fine gold mounted sword.

Promoted to the Staff of General Breckinridge, Inspector-General of the Army, Gaines was again made Provost Marshal under him. And when the command of the First Army Corps devolved upon General James H. Wilson (now Military Governor of Matanzas), Gaines also became his Provost Marshal.

When the Corps was removed to Georgia, where General Ludlow took command, Capt. Gaines was again continued, and whilst encamped at Columbus he was the recipient of a token of the gratitude and esteem of citizens of the place in the form of a handsome medal.

In the latter part of December, when Gen. Ludlow was ordered here and appointed Governor of Havana, he immediately requested the Secretary of War to appoint Gaines on his staff. General Alger did so, and on Gaines' arrival at Havana, he was appointed Provost Marshal of the city.

Modest, courteous and obliging, Captain Gaines has made a host of friends in Cuba, who would rejoice to learn of his further advancement and that he had been appointed a Major of Volunteers in the New Army, for which promotion he has been strongly recommended to the President and War Department.—(Havana Daily Advertiser, March 27.)

Bad News From Samoa.

Owing to the persistent and pestiferous action of the German Consul, one Rose, at Samoa, a clash has taken place between the American and British naval forces and the deposed Chief Matafai.

Following this up a reconnoitering force from the American and British ships was ambushed and two Lieutenants, an ensign and four sailors were assassinated. They were about equally divided between the British and American forces.

Do you cough?
Do your lungs pain you?
Is your throat sore and inflamed?
Do you spit up phlegm?
Does your head ache?
Is your appetite poor?
Are your lungs delicate?
Are you losing flesh?
Are you pale and thin?
Do you lack stamina?

These symptoms are proof that you have in your system the most dangerous malady that has ever devastated the earth—consumption.

Consumption, the bane of those who have been brought up in the old-fashioned belief that this disease was hereditary, is a fatal, fatal, fatal disease which we were once firmly clasped in its relentless grip.

But now known to be curable, made so by the world-sifting discoveries of that man whose name has been given to the system of treatment.

Now known to be preventable and curable by following and practising his hygienic teachings.

The new system of treatment will cure you of consumption and of all diseases which are traced back to weak lungs as a foundation.

It is not a drug system, but a system of germ destruction and body building.

A Surprise.

I long, and yet I fear to speak,
O world that I could bolder be,
For then a secret I would break:
Of deepest love—but not to THEE.

Yet fatter than the blush of morn,
Or even g. when the shadows fit,
Or blooming rose without a thorn,
Art thou, sweet maid—well I guess
“NIT.”

And yet I'd think of thee each day,
In solitude, hidest haunts of man,
When all things else have passed away
I'll think of thee—but not “TILL”

It makes no difference how bad the world is; if you use DeWitt's Witch Hazel Salve; it will quickly heal and leave no scar. Tyler & Hemphill and Wm. McKee Hardie.

Not so Smart as They Thought.

The Philippians thought, because Gen. Lawton had gone out and captured Santa Cruz, that they could break our line of communication, and a cordling made an assault on the railroad leading to Matanzas.

What Gen. McArthur did to them was enough to satisfy them that they can not catch Uncle Sam's boys napping. They almost annihilated the attacking force.

They will know better next time.

That Cough Hangs On

You have used all sorts of cough remedies but it does not yield; it is too deep seated. It may wear itself out in time, but it is more liable to produce la grippe, pneumonia or a serious throat affection. You need something that will give you strength and build up the body.

SCOTT'S EMULSION

will do this when everything else fails. There is no doubt about it. It nourishes, strengthens, builds up and makes the body strong and healthy, not only to throw off this hard cough, but to fortify the system against further attacks. If you are run down or emaciated you should certainly take this nourishing food medicine.

STATE C. E. CONVENTION

Will Be Held at Madisonville, Ky., May 19 to 21, 1899.

The citizens of that hospitable city are making great preparations for the entertainment of the Ninth State C. E. Convention.

They are enthusiastic.

This convention will be the best the State has ever had. The program is the most complete ever furnished. Such men as William T. Ellis, Philadelphia, Pa.; Jas. Lewis Howe, Lexington, Va.; Z. T. Sweeney, formerly of Richmond, Va., and William Shaw, Boston, Mass., as well as some of the most finished speakers of our own State, have been secured for addresses.

E. O. Excell will conduct the music.

Madisonville extends a cordial invitation, entertainment free. Every member of the young people's societies of the State should attend this convention; it will be a spiritual feast.

If you have piles cure them. No use undergoing horrible operations that simply remove the results of the disease without disturbing the disease itself. Place your confidence in DeWitt's Witch Hazel Salve. It has never failed to cure others; it will not fail to cure you. Tyler & Hemphill and Wm. McKee Hardie.

Dastardly Outrage.

Another dastardly outrage has just come to light. It appears that, on April 5, near Elmvile, this county, one Morton Spicer, a farmer aged about 23 years, outraged the young wife of Mr. Richard Hosler, and fled the country. Mrs. Hosler attempted to hide her shame, but was taken very ill and Dr. Gwin was called, who soon found the cause, and at once swore out a warrant for Spicer.

The warrant was placed in the hands of Sheriff Suter, who left Tuesday afternoon with a posse, in search of the man.

This outrage has aroused a storm of excitement in the immediate neighborhood, and it would go hard with the friend if he should be found out there.

Mrs. Hosler is a modest, popular and upright lady.

Young Spicer had borne a good name until this occurrence.

Sea Sick.

The return journey of the Third Kentucky Volunteers was a very uncomfortable one from the fact that the gulf was very rough. A greater part of the command were dreadfully sick.

By a dispatch from Surgeon Captain N. M. Garrett, received by his mother on Wednesday, we learn that the boys are all right now, however, and happy at being back in the land of the free and the home of the brave."

Mustering a New Company.

Capt. Bernard G. Graham, of this city, who has been detailed by Adjutant General Collier to muster in the new companies of the Second Regiment of State Guards, went to Lexington Saturday night and mustered in company M. of that city. Mr. George G. Bryan, well known in this city, was elected Captain.

Pleurisy

Pleurisy and pneumonia are frequently associated, and often继起 from a common cold; and, if such an acute inflammation of the lungs is not promptly allayed, the worse may happen. With the aid of Dr. Bull's Cough Syrup, however, you need not have any fear, for its great remedy speedily subsides the inflammation, eases the pain in breathing and always effects a cure in a wonderfully short time.

FRANKFORT, APRIL 16, 1899.

Disgraceful.

The sensational bribery expose in the Railroad Commissioner's Convention, held in this city last week, was one of the most shameful and disgraceful affairs of the kind ever developed in Kentucky politics.

It has been charged that bribery had been practiced at former conventions, but the people, to a large extent, believed that the charges were the result of the bitterness engendered by defeat; and did not give credence to those charges.

But, in this case, the evidence of the attempt to bribe was presented while the convention was in the unsettled stage of organization, and, if successful, would have changed the complexion of the result.

It may be proper, however, to say that the other side assert that the whole thing was a concocted job to affect the result, and that it served its purpose and that is all there is in it.

They also say that if the thing was not a job, why did not the man, who was being bribed, accept the check first offered, for he would then have had irrefutable evidence of the fact, and the names of the parties, without any chance for the guilty ones to assert that the whole thing was a political scheme.

As it now stands there is simply the word of one man against the other and nothing to back either beyond their statement.

It was freely talked of, from the start, that the "stuff" was very much in evidence all along the line, on both sides, each being ready for "business." One being as deep in the mud as the other in the mire.

The whole thing has a curious look to a disinterested outsider.

Decent people are only the more thoroughly disgusted with these manifestations of machine politics.

The Director General.

A party who runs a semi-occasional sheet in Louisville has jumped upon the Board of Commissioners of the Institution for the Education and Training of Feeble-minded Children because they have not provided fire escapes for the new building erected in this city. He seems to be wise in many things, but does not know it all by a long shot. If he knew as much as he should have done, before letting go his little popgun, he would know that the Commissioners have no authority to create, adopt or contract for anything that they have not the money to pay for.

Another thing, the Commissioners had made the very best arrangements possible for the Institution as regards the safety of the inmates from fire, by means of large and broad stairways at each end of the corridors and halls, with automatic fire proof doors, so arranged as to cut off danger of fire from one section of the building to another. The building is only three stories high, and, with these large stairways, would offer much better facilities for escape from fires than the fire escapes generally in use.

When the building was finished the funds of the Institution were exhausted, and, although the agent of the fire escape manufacturers came here and urged the putting up of the escapes, the Commissioners, notwithstanding any authority to create a debt, were forced to decline to purchase.

It may be proper to say, also, that the Legislature alone can make an appropriation to erect any buildings at the State's expense.

The fund expended in the erection of the new building was derived from insurance upon the old one that was burned, and did not cost the State a single cent.

Another idiotic suggestion is that the fire escapes on some other public building should be taken down and put up at that institution. Who is the authority to do this? What officer has the authority to order it done?

If this wise-acre would only inform himself, he would (or could), if

he has common sense enough to know anything) find out that each of the charitable institutions of the State is under the management of a separate Board of Commissioners.

If the Board in charge of the Feeble-minded Institute were, for instance, to order a fire-escape taken down from any other building owned by the State and put upon their building, this same kickler would be the first man to raise a howl about it, and to condemn the Board for assuming such authority that they had no right to exercise.

Some people assume the roll of the fellow who "rushes in where angels fear to tread."

He Fooled the Surgeons.

Glorious News.

Come from Dr. D. B. Gurgle, of Washita, I. T.: He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on head and face, and the best doctors could give no help; but her cure is complete, and her health is excellent. This shows what these tonics have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, etc. 100 cents. Sold by J. W. Gayle, Druggist. Guaranteed.

Shot at him.

A burglar attempted to enter the residence of Simpson, on Cratchett street, West Side, on Sunday night. Simpson heard the felon attempting to raise the window, and, securing a shotgun and revolver, cracked away seven times at the thief, but whether with any effect is not known. Simpson must have been a bad marksman.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withheld its severest tests, but her vital organs were undermined and death seemed imminent. For three months she languished incessantly, and could not sleep. She finally discovered a way to recover, by purchasing of a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking the first dose, that she slept all night, and with two bottles the disease was absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. H. Hambrick & Co., of Shelby, N. C. Trial bottles free at J. W. Gayle's Drug Store. Regular bottle 50c and \$1.00. Every bottle guaranteed.

DYSPEPSIA CURED!

AMERICAN DYSPEPSIA TABLETS.

A Safe, Sure and Permanent Cure for Dyspepsia, Indigestion, Catarrh of the Stomach, Flatulence, Palpitation, Fermentation, Heart Burn and Constipation.

Read the following reasons for using American Dyspepsia Tablets.

All other remedies claiming to cure indigestion and dyspepsia contain PEPSIN in one of its forms, and as long as PEPSIN is applied to a weak or sickly stomach in the shape of medicine, nature will cease to make it, and the DYSPEPSIA will not be able to do without its "DOSE," and of course never be cured of his trouble. A stomach that will promptly digest food must make its own PEPSIN and not rely upon medicines for this most important agent.

Dr. J. W. Gayle's DYSPEPSIA TABLETS are composed of four old and well-known reliable remedies which, in combination, will soon effect a cure by restoring the stomach to its normal condition.

We furnish no book on the "STOMACH and its DISEASES," no ALMANAC, no price list, no address free of cost.

AMERICAN DYSPEPSIA TABLETS are put up in 50c packages, and are to be had at J. W. Gayle's and W. H. Averill's, or by addressing

JOHN T. BUCKLEY.

Judge R. H. Thompson Dead.

Another of Kentucky's noblest, purest and best has answered the last summons.

Judge Reginald Heber Thompson, Judge of the City Court of Louisville, was taken with a chill on Friday night, after attending a meeting of DeMolay Commandery, Knights Templar, where he delivered a short but solemn and impressive address—the last speech of his life—urging his fraters to live up to the teachings of the order and follow in the footsteps of the immaculate Jesus.

The sickness rapidly developed into congestion of the brain and this grand man slowly but surely sank until 1:35pm Monday afternoon, when "the silver cord was loosed and the golden bowl broken."

Judge Thompson was a man of the broadest and kindest nature. He was President of the Newsboys Home, President of the State Children's Home Society, a Director of the Masonic Widows and Orphans' Home, a vestryman of the Episcopal Church, and an ardent friend and supporter of the Y. M. C. A.

He was a fearless and impartial Judge and was a terror to evildoers. His unerring judgment sifted the shams from the true in the cases of those brought before his court. He

was merciful to the unfortunate but sternly just to the guilty.

He had filled the highest positions in the Masonic Orders of the State, and goes to his grave honored and lamented by few men who have ever been.

He was a cousin of Mr. Frank V. Gray, of this city, and was a frequent visitor here, where he was admired and loved for his nobility and gentleness of character.

The people of Louisville (and the State) have lost a man who could easily be spared in these days of corruption and dishonesty in city affairs.

The funeral took place on Wednesday morning, at 10 o'clock, and was largely attended by his brethren of the Masonic order and the people at large.

"And devout men carried him to his burial, and made great lamentation over him."

The Appetite or a Coal.

Is envied by all poor dyspeptics whose Stomach and Liver are out of order. All should know that Dr. King's New Life Pills, the Standard Remedy of Dr. L. B. Remondy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25 cents at any Drug Store.

What Bad Roads Cost.

Gen. Roy Stone figures out that there are 1,000,000 miles of public road in the United States for which 500,000 tons of freight are hauled every year. Putting the average cost at eight miles—though this is probably an over-estimate—he figures the cost of carting at two dollars the ton, or \$1,000,000,000 the year.

With uniformly good roads the cost of moving a weight would be only \$1,000,000 saving \$900,000,000 to the public annually.

One-half of this almost inconceivably vast sum would rebuild every mile of road in the United States at an average cost of say \$60 per mile, and the other half would furnish a yearly income of \$300 per mile for their repair and maintenance.

At present the people spend \$20,000,000 each year in repairing their worthless roads. This sum would build 1,000 miles of thoroughly good macadam road, sufficiently wide for general use.

Experiments made in the Missouri agricultural experiment station show in nearly all road conditions broad-tired wagons pull easier than those with narrow tires. On macadam road, a load of 2,318 pounds can be hauled as a load of 1,000 pounds with the same draught as a load of 2,000 pounds on narrow tires. On gravel road, except when wet and sloppy on top, the draught of the broad-tired wagon is much less than that of the narrow-tired wagon; a load of 2,482 pounds can be hauled on broad tires with the draught required for 2,000 pounds on narrow tires.

The trials on dirt roads give varying results. When it is dry, hard and free from dust 2,530 pounds can be hauled on broad tires with the draught required for 2,000 pounds on narrow tires.

In general, the better the road the greater the advantage of the broad tire. On turf it is much easier of draught.

President McKinley appointed him Postmaster at Denver, and he died holding that office.

Narrow Escape.

On Tuesday morning as a youth by the name of Owen Robb was turning the corner of Main and St. Clair streets rapidly on his bicycle, he was run into by a loaded coal wagon and thrown off and to one side. The wagon passed over the rear wheel of his bike and smashed it to kindling wood. Robb was not hurt, but it was a very narrow escape.

Nominated for Senator.

Mr. Thos. S. Kirk, late Assistant Clerk of the House of Representatives, and former Representative from Floyd and Johnson counties, has been nominated by the Republicans of the 33d Senatorial District for the Senate. The district has several thousand Republican majority and thus Mr. Kirk's nomination is equivalent to an election. It will succeed Hon. W. J. Dingus. Mr. Kirk is well known and liked here.

Indicted.

The grand jury of this county returned an indictment against Mr. Chas. E. Sommers, ex-Sergeant-at-Arms of the State Senate, on Monday. It charges him with bribery in that he gave one Garnett Graves, "holding the office of delegate" to a "primary election, towit: a convention," &c., \$400 as a bribe for the control of the vote of Taylor county in that convention.

We are no lawyer, but we fail to see that there is any law creating any such office. It is a pity that there is no direct statute governing the case.

La Grippe is again epidemic. Every precaution should be taken to avoid it. Its specific is Dr. One Million Cold Pill, Dr. A. J. Shreve, Publisher Agricultural Journal and Advertiser, Eden, Mo., says: "No one will be disappointed in using One Minute Cough Cure for La Grippe." Pleasant to take, quiet to act." For sale by Tyler & Hemphill and W. McFee Hardie.

Another Illustration.

The maxim of holy writ that "riches take themselves wings," and that other, of human origin, "come easy, go easy," have received another literal fulfillment in the meteoric career of the late Senator H. A. W. Taber, of Colorado. But a few years back it looked as though every thing he touched turned to gold, until he was a multi-millionaire.

No remedy yet discovered can take him out of Dr. Miles' Restorative Nervine. It quickly overcomes the excessive exhaustion, invigorates the appetite and assists nature to throw off the deadly microbes from the system. In times of epidemic like the present it should be taken as a preventive disease.

"Grippe" left me a physical weak, helpless and pale. I could not eat; could not sleep; could not gain any strength, and had nervous prostration of the worst kind. Our home physician could not help me and I commenced using Dr. Miles' Nervine. The first night's sleep that I had in four months caused the result of two first doses. When I had taken two bottles I felt better than I had before in years and continued to improve until I was entirely cured."

ELI WOODARD, Plymouth, Ills.

All druggists are authorized to sell Dr. Miles' Nervine on a guarantee that first bottles paid or money refunded. Be sure and get Dr. Miles' Nervine. Booklet on heart and nerves sent free. Address DR. MILES MEDICAL CO., Elkhart, Ind.

Recognized to Appear.

Mr. Chas. E. Sommers, under indictment for bribing Mr. Garnett Graves, appeared in the Circuit Court on Wednesday, with his attorney, Hon. Jo. C. S. Blackburn, and gave bond in \$500 to appear April 26 for trial. Geo. Fayette Hewitt became his bondsman.

And "still there's more to follow."
